Matter 6 Acorn Way 1.3

With regard to the proposed Acorn Way Residential Development, I wish to put forward the following objections.

- 1) Increased traffic queues on Morley Road & Acorn Way which will lead to excess pollution.
- 2) Increased flood risk owing to loss of green space and rainwater absorbing land.
- 3) Increased population will put further strain on Oakwood schools, doctors/dentists etc.
- 4) The Oakwood facilities are funded by taxes paid to Derby City Council whereas the residents of the new development will pay to EBC.

Barry Sinclair
