Section 2A: The policy. How will the policy/plan/strategy impact on residents, visitors, businesses or other agencies that we work with? *What work has been undertaken to advise these groups about the changes planned in the policy/plan/strategy?*

The policy will impact on employees of Erewash Borough Council.

Consultation has been undertaken with the recognised Trade Unions.

2B: What needs is the policy/service designed to meet? *You could also refer to your current Service Plans and how the policy/service fits into EBC's Corporate Plan Priorities. How does the policy, procedure, practice, strategy or service align with Corporate Priorities*

The policy aims to detail the provisions relating to employees' entitlement to paternity leave and paternity pay. An employee whose wife, civil partner or partner gives birth to a child, or who is the biological father of the child, is entitled to two consecutive weeks' ordinary paternity leave provided they have sufficient length of service. Ordinary paternity leave is also available to adoptive parents. The policy includes:

- The criteria for entitlement to take paternity leave
- Taking ordinary paternity leave
- Ordinary paternity leave and shared parental leave
- Ordinary paternity pay

The policy contributes to the corporate priority of being "A well run efficient council".

2C: Is the service provided subject to any element of outsourcing? *Is the service delivered in part, or in its entirety by an outside company or organisation? Section 3A: Gathering Information

What equality monitoring information do you gather and how is this information used to develop services, functions and policies at the current time. *You could look at the take up of services, customer satisfaction (complaints and compliments) and enforcement action.*

This is a new Policy and no monitoring information has been gathered at this point. We will monitor the take up of this policy once implemented.

3B: What does available data and the results of any consultations show about the take up of services? What is the impact on different groups? (qualitative and quantitative). *You could look at previous community consultation exercises, customer reviews, census data, staff feedback etc. Does your consultation identify responses by protected characteristic or identify particular community and voluntary groups that you worked with.*

Remember: by law you are required to be able to demonstrate, through data analysis and evidence, that you have considered the impact of your service on **ALL** of the relevant protected groups. This document is just a short summary of this process and a tool to help you to check that you have taken the Equality Act 2010 and the Council's equality objectives into consideration.
