

## **Duty to Cooperate Statement of Common Ground**

### **Between Erewash Borough Council and Derby Housing Market Area at 19/10/2022**

The strategic cross boundary issue between Erewash Borough Council and the Derby Housing Market Area Authorities is housing distribution.

The agreed position of the Derby HMA officers is that the Derby HMA authorities remain committed to seeking further agreement with Erewash Borough Council in relation to the cross boundary matter of housing distribution, but that pending the outcome of the Derby City capacity assessment and further consideration of the implications arising from this assessment in terms of housing distribution across the Derby HMA, they are not yet in a position to further progress the wording of the Statement of Common Ground.
